The twenties was one of the first decades to incorporate such words. On my web site I have given you hundreds of words from A to Z that make up 1920's slang. Your assignment is as follows:

**Write 2 paragraphs (100 words each) no more than 4 paragraphs, (400 words) Incorporate in each paragraph a minimum of 25 slang words for each paragraph. If your writing assignment is 2 paragraphs your 20's slang words should total 50. twenty five for each paragraph. Every slang word that you incorporate in your assignment needs to be highlighted or in bold type.**

**The topic of your paper will be yourself!
